Wonderfully written, as always.

By Amazon Customer

What I love most about Puttroff's novels is that they each connect with the rest of the series, without leaving you hanging. Blades of Accession was wonderfully written, and sucks you back into the world of the Dusk Gate Chronicles until it was like you'd never left it. The characters and their relationships never fail to leave me squealing, and the end left me with warm, fuzzy butterflies that won't be leaving any time soon.

No amount of time is long enough

By Blessed Mama

****Spoilers Ahead --- On the first reading I was quenching my thirst for being back in that world. I felt like I was one of their servants observing from a distance. Or like being in one of their dreams where you could almost touch your surroundings but you really couldn't. On my second reading now and taking in all the little nuances which Breeana Puttroff does so naturally and subtly. I'm glad Sophia and Quinn parted on better terms than one could have expected after the conclusion in Leaves. Also glad Zander had closure with his parents. Couldn't imagine what it would be like to have one of my girls disappear into thin air with no way of contacting them. Also happy Linnea and Zander are taking their relationship slowly while appreciating each other's strengths and acknowledging their weaknesses. I imagine Owen will have dealings with Leah when he gets older hence the series Breanna will be starting next called the Gatekeeper series.

We want more please!

By Carrie

I do hope there are more full length stories in this series! These stories warm my heart and keep me on the edge of my seat every time. This author is truly talented. I am never sure if I'm ready for a story to even slightly deviate from Quinn and William because they are the best, but this was handled well in this story. We got to see more of Linnea and Zander while also getting our Quinn and William fix. Well done! I'm a

smidge selfish so I'm gonna need more of this please :)
