Cable & Deadpool - the comic equivalent of Martin & Lewis

By dylan21484nj

Cable is the mutant savior of humanity. Deadpool is the smartass Merc With a Mouth. together, they're like oil and water, but somehow, they compliment each other, and even manage to find common ground.

Deadpool is hired by a cult-like One World Church to steal a designer virus that will turn the skin of everyone infected with it to the same color in an attempt to eradicate racism and bring unity to the world. Cable's out to destroy the virus because of its major side effect - it literally makes people melt like candle wax. the two men collide, with bullets flying, quips slinging, and brains exploding (well, it's usually just Deadpool's brain being telepathically blown out the back of his head by an annoyed Cable).

though the story is absurd at times (like the melting part), the story poses the possibility that even though it may sound nice, having a world where everyone looks the same may not be a good idea after all.
