Damascus Steel

By Shamus O'Reilly

In the world of Damascus steel, Manfred Sachse is the man. This 2008 printing of the 3rd edition of Damascus steel has 2 more chapters than the 1993 printing. If you're sitting on the fence in considering which edition to purchase, get this one. It has a glossy photo cover vs blue cloth. The book will probably last as long as one of Manfred' knives and is very heavy for a book.
