Excellent!

By Becky Martinez

I bought this hymnal because I got tired of not having one if I got to mass later than the early arrivals. But now I am in the choir and I get to make my own notations. I am so glad that I bought it. I only wish that when a song is a 2 pager, that I didn't have to turn the page, but that it started on the left side page and continued on the right hand page. It makes it easier to play the tamborine or claves and still sing.

Brand-new condition

By John from Bellevue

This volume arrived very quickly and I was pleasantly surprised at its condition. I really could not tell that this was a used book. Considering some other offerings were priced above \$50, I could not be more pleased at the quality and service.

Gather is very nice

By Jonie Ensor

Everyone who uses this book in the choir should purchase one to have at home, because it is much easier than carrying it back and forth.
