The unexpected outcomes make great reading

By Suetzak

The nom de plume is off-putting but the writer has good style and the story flows nicely from the typical hostage situation to several twists and turns that you don't expect. There were many side characters who added to the story and one can't be helped when they start cheering for the children and wanting the death of the wicked queen.

'Hostage' takes a while to read as the pace is slow at times but worth a look.

Sexy...but with plot~!

By Sara

It was really sexy and steamy. Had a worthwhile plot and the only thing I'm sad about is the fact that this author has no other ebooks available!!

I really enjoyed this story. It was better than I thought it would be. Very realistic I thought for a yaoi that is.
