HUMAN SEXUALITY: THE BASICS BY GORDON EDLIN, ERIC GOLANTY PDF

Human Sexuality: The Basics presents the core information underlying the vast subject of human sexuality in a concise, no-frills manner that is easy for students to read and comprehend. Not only is this text half the cost and size of other human sexuality texts on the market, it is unique in that it has a chapter on the genetics and inheritance of sexual anatomy, sexual development, and sexual abnormalities. Emphasis on the biological basis of sexuality provides students with a structure to understand the important aspects of sexuality presented in other chapters. This approach also provides the basis for encouraging tolerance, acceptance, and understanding of different sexual preferences and behaviors. Critical thinking questions at the end of each chapter along with learning objectives, summaries, and definitions of terms, facilitate learning by students. The goal of this text is to provide students with the knowledge, skills, and confidence to enable them to understand and to express their sexuality in healthy and enjoyable ways at all stages of life.

Not A Tool Book, A Know Book

By Jen

Lots of up-to-date knowledge here, but when it came to sexual tools... it was lacking. This is a book of knowing, and for that I give it three stars... I like books I can use on something.

Mike's review

By readermike R

Good basic text on sexuality which I believe will be useful in my therapy groups. The book was in good condition and arrived well ahead of the estimated date.

Used

By Troy

Ordered Used and was in great condition, I just came across a page with some pen marks yesterday, but other than that it has been great
