A small booklet printed in Black and White which explains how to install Mortal Kombat X on your cell phone. This is not a strategy guide it's more or less a couple of pages of useless info. Nothing about individual fighters or button combos at all. Not even worth the paper its printed on. Just a good luck wish from the author here. Terrible!

What a complete waste. From the description I expected more strategies and tricks. Maybe even a typed out button guide. Congratulations on getting my first ever 1 star review. I'm just in complete shock of how much of a waste this book is, and to call it a guide.
