A book full of imagination

By Yang Tao

This book is full of imagination! I just followed the little girl's journey to 7 different wonderful places and some plots were out of my expectation. It was also a journey of my soul. I thought it was similar to John Bunyan's *The Pilgrim's Progress*, full of imagination but also thoughtful ideas behind. Worth reading.

For kids and parents

By Kai Chung Tam

The story is brief but powerful. Pinpin the heroine did not have great appearance, strong body, or high

intelligence. Instead, her faith and her kind heart can win souls and will be able to find the Way. Wonderful imagination throughout the book.

I recommend this book to not just kids, but also adults who have ever thought about the question of life, when they were kids.
