Looked new to me! This cost 10 dollars less than the university bookstore! No marks, perfect. It is a good

companion to the text.

Missing 30 Pages?!

By Amazon Customer

When I received? this book, I was pleased, everything appeared to be in order and I was happy, so I put it away to bring with me to college. Turns out, when I opened the book last week for class, 30 pages were missing. I understand that I bought this used, but nowhere was it stated that pages were removed and I am really disappointed that I spent \$60 for a book that is missing 30 pages.
