There are a total of 25 songs in this book of 128 pages. I can't see how one would not like this book, unless one is a completist and wants the complete Beatles. The Beatles made a total of 275 songs. Putting 275 songs in one book would result in a fat, heavy and unwieldy 1,408 pages (= 128 x 11)! This book of "only" 25 songs is easier to handle, and it's got some of their better songs. Unlike a 1,408 page mammoth sized book, if this book were to fall on your toes, they'll still be safe. I would hate to play with steel toed boots.... ;-)

A Must Have book for all Serious Drummers

By GaryTJ

This book provides accurate transcriptions of Ringo Star's drumming with the Beatles and great insight into trick intros. Study the Beatles use of mix time signatures.
