As just what will be made by this The British Way In Cold Warfare: Intelligence, Diplomacy And The Bomb 1945-1975 From Bloomsbury Academic, exactly how can you bargain with things that has many advantages for you?

## Review

"Grant presents 10 articles exploring the history of British statecraft during the Cold War. Contributors first discuss issues of nuclear weapons, examining British nuclear strategy, disarmament and non proliferation policy, and civil defense policy. The focus then turns to diplomacy, broadly defined, in chapters that look at British- West German relations, Anglo-French nuclear cooperation and British policy towards the European Community, and transatlantic nuclear cooperation. The final major theme of the volume is intelligence, which is examined in terms of perceived threats to national security, Soviet missile defense and the British nuclear deterrent, and British economic intelligence activities." -Eithne O'Leayne, BOOK NEWS, Inc.

## About the Author

Dr Matthew Grant is based at the University of Sheffield. He has been researching aspects of the Cold War since 2000 and is a regular speaker on the subject at conferences around the UK.
