Erin McEvoy tries to be an optimist, but her life is in a downward spiral. Her job as a reporter at a small Boston news station and her love life are going nowhere, but the thing that worries her most is the fact that Erin has started seeing things. Specifically, a tall, winged shadow following her wherever she goes. Afraid that she might be losing her mind, Erin ignores the shadow—until she's nearly hit by a car.

It's then that she realizes it's not simply a shadow but her guardian angel, a beautiful female angel named Gabrielle, with turquoise eyes and a teasing smile that makes Erin's heart race. Gabrielle reveals herself to Erin in order to protect her from an unknown, impending danger, and since it might happen at any moment, Gabrielle never leaves Erin's side. As the two women become closer, love begins to grow...

But relationships between angels and humans are forbidden. Will Gabrielle risk falling from grace in order to experience the depths of her feelings for Erin? Or will an unseen celestial force drive the two women apart?

The Guardian Angel is a lighthearted, heartwarming romance about trust, fate, and new beginnings. It is approximately 58,000 words.

A SWEET TASTE.... OF HEAVEN.... !

By Sunshine

If you never have been in Love,or what it feels like,you will,I have been falling...hard,real hard,this is such incredible story,you simple don't want it to end,it begins a bit awkward,the first two pages,a reporter,who seems to have the lowest possible stories to cover,and that stays a bit that way.

But that is simply put aside,it is something you will forget soon,because as soon as something happened,what almost caused our reporter,to end up in the hospital,everything will change her life and from the beautiful angel who saved her.

When she steps in,love will radiate from every page,I was so taken by that sweet angel,you just will flow through the pages if on wings,I really can't remember ever read,such a heartwarming and hopeful story,because that's it,and what this book makes it so special,the writer,never linked it to religiously,that's so amazing,you think that is not possible,but it is.

One of the most sentence that struck me so deeply was,that the angel at some point says,"your humans are so precious,you all have no idea,how much that is",and that is something to think about in this mad world we all live in,but there's also another thing,you will hopefully after reading this amazing and fantastic book ask yourself the same question as I did,"why are some people saved from accidents or come out almost unharmed,but why are there so many persons who don't make it,the ones who die,I really wished with all my heart,that I could answer that question,but I have no answer,maybe we will ever get it?

All I can say to you,do yourself a great and great favor,buy this book,it got my highest recommendation !

This was a great read. Hated that there had to be an end to this book. Maybe there will be a sequel.
