Winner of the 2016 Pacific Northwest Writers Association Nancy Pearl Award for Best Book--Memoir, *The Sweet Dell* is a hopeful and captivating true story that transports the reader into the dark years of Nazi-occupied Holland. Arrested on October 6, 1943, Dr. Pieter Schoorl listened to the heavy iron doors of a basement cell in the Gestapo's Amsterdam headquarters close behind him. It had been easy for him to hide the first Jew—a blonde-haired, blue-eyed three-year-old. And had Dr. Schoorl and his wife Anne helped only the one child, this would be a far simpler story. But the pleas for help never ended. Dutch commandoes met at the Schoorls' kitchen table, and shot-down Allied pilots shared breakfast with their five children. Jews continually arrived at the Schoorls' farm unannounced in the dark of night. The couple eventually filled their two homes with "guests." When there was no room left, they searched the countryside for more hiding places—addresses as they called them. One hundred forty thousand Jews lived in Holland before the war, fewer than 10,000 would survive. This is the story of how a handful of those survivors endured, a story that invites the reader to consider the price paid to do—in the words of Dr. Schoorl—"what any man should do."

I just finished this wonderful book which has a story like no other

By Jennifer R. A. Spencer

I just finished this wonderful book which has a story like no other. I could not put this book down and have passed it along to its next captivated reader. I'm so jealous.

What struck me most about the story was the endurance of the human spirit and the incredible courage of so many people in the communities around Holland in hiding their Jewish brothers & sisters despite their own threat of being sent to the concentration camps if discovered. I was also struck by the honesty of the author as he not only shared his personal feelings toward his grandmother but also retold the very human failings of the most influential heroes in the book of whom none of the people in hiding would have survived. The

author most likely would not be here today had it not been for those heroes. Read this book.

A captivating story

By Amazon Customer

A wonderfully written book in which the author transports you back to war time Holland. The pictures he paints with his words bring it all vividly to your mind as you become acquainted with the Schoorl family and their quest to help save as many Jewish families as possible. Such a captivating story that I had a hard time putting the book down until it was finished.

A Story With Reading

By DMP

After reading the first 90 pages I realized that I would have to limit myself to 30 minutes a day, only so that I would savor each limited reading session like small servings of an amazing meal. Mr. Briejer weaves a complex and vast history into a tight historical narrative. While talent is clearly present in the writing, it's the deep level of craftsmanship that emanates from each chapter. The accuracy and emotion conveyed could only have been accomplished with long and deep research, which this book has plenty.

Through the storyline Mr. Briejer moves through moments of the narrative with great ease and artistry. This gives the reader an experience of parallel stories with their own yet connected feelings about what it means to do the right thing, regardless of rights or entitlements, a character trait vastly lacking in today's modern American culture.

It is rare that I finish a book feeling so pleased, a historical narrative as keen as John Krakour and "Under The Banner of Heaven". The work is lean, clean and devoid of filler, yet is so powerful in its brevity it leaves space for the reader to participate in this most magnificent story.

This is a wonderful read and has a message that is timeless and vital to remember.
