Standard of Excellence Book 1 Alto Sax

By 8ballbrown

This is an excellent book for beginners. I bought it used for a penny! There was a fair amount of writing inside but nothing in pen. Obviously used with creases, but that was expected. Still in good condition with no tears or loose pages. The books content is perfect for grasping necessary concepts of music. I look forward to my children using it.

The Best Starter

By Brenda Pearson

I got this book when I first joined band. It has simple songs like "Hot Cross Buns" to harder songs like "Ricochet Rock". It also has a list of all of your major scales in the backof the book. I recomend this to new saxophone players
